MULTIREGULATED CREDIBLE DIGITAL ASSETS INTEGRATED FINI ECOSYSTEM
LEVERAGING WORLDWIDE PROLIFIC USABILITY

ABSTRACT

Targeting the usability and stability of digital coins, FINI has launched a blockchain-based new economic system, focusing on the utility of its digital asset FINI Coin. This new system creates a global network of affiliated brands, encompassing worldwide discounts, coin-based trading, e-commerce, mobile payments, crypto exchange, business outreach, awareness programs and commercial projects. The network, focusing on the integration of FINI coins offers both unique and competitive discounts to worldwide consumers. FINI's aim is to make FINI accessible and user-friendly, in order to facilitate the use of cryptocurrencies worldwide

REAL WORLD SOLUTIONS

The biggest problem with cryptocurrencies is NOT regulation; it is the real life usability

FINI is able to solve this long standing challenge by adopting FINI at e-Sports and multiasset Cloud Capital platforms as a valid universal medium of exchange of fiscal value

FINI promotes extended global usability via:

- Retail Trade – 3.0 million POS by 2024
- e-Sports – globalized fiscal value transactions
- v-Commerce – metaverse immersive shopping spree
- Cloud Capital – FINI based investment schemes

INTRODUCTION

TECHNOLOGY IMPLEMENTED

FINI is operated through Binance Blockchain, supporting high-speed transaction throughputs and allowing authorized members through a formal KYC process. The first probably safe consensus mechanism to enjoy four key properties simultaneously

FINI credible digital assets exist as crypto coins, available in the market through direct purchase or rewarded in form of tokens through community awareness towards e-Sports and crypto-enabled gaming

DECENTRALIZED CONTROL:

Anyone is able to participate, and no central authority dictates whose approval is required for consensus

LOW LATENCY:

There is no calculation of puzzles like POW or POS. Nodes can reach consensus in 3-5 seconds.

FLEXIBLE TRUST:

Users have the freedom to trust any combination of parties they see fit. A small non-profit may play a key role in keeping much larger institutions honest.

ASYMPTOTIC SECURITY:

Safety rests on digital signatures and hash families whose parameters can realistically be tuned to protect against adversaries with unimaginably vast computing power.

MARKET POTENTIAL

CRYPTOCURRENCY INDUSTRY

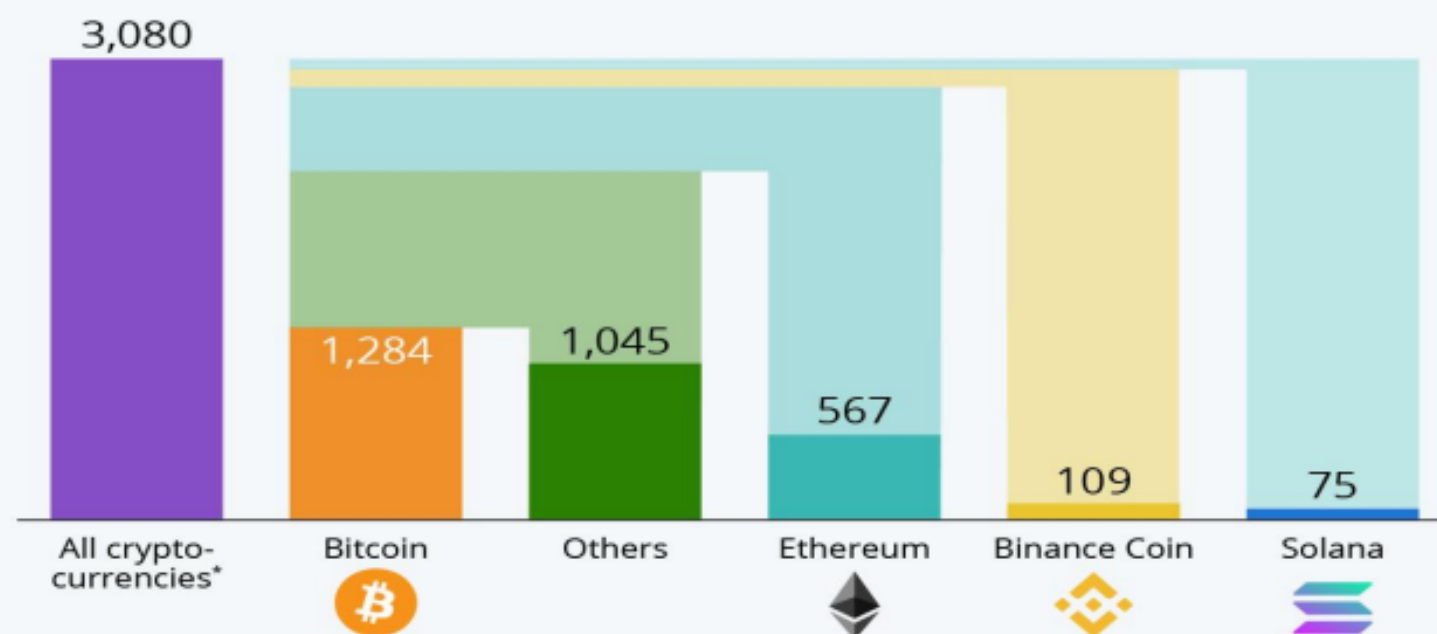

Predicted as the next emerging technology; the value of cryptocurrencies is growing exponentially:

According to the industry website Coin Market Cap, the current market cap of all cryptocurrencies fluctuates at approximately \$3080 billion. Despite the correction, the market remains stable, with no predictions of a future drop before 2023. On the contrary, influential names in the market predict the opposite, with crypto geeks and industry experts predicting the market to reach the \$6.0 trillion mark before 2025

GROWTH OF INTERNET VS CRYPTO

The growth rate of internet exceeds that of any previous technology. Measured by users and bandwidth, Internet has been growing at a rapid rate since its conception, on a curve geometric and sometimes exponential. Today, the Internet is growing exponentially in three different directions -- size, processing power, and software sophistication -- making it the fastest growing technology ever created.

COMMUNITY DEVELOPMENT

FINI is committed to community development, not only does its structure promote new membership, but the extended community building opportunities add immense value in terms of creating a worldwide interactive business network. The world has witnessed an exponential growth of people involved in global popularity and rise of worldwide individualized interdependent entrepreneurship noticeably among youth especially pertaining to the crypto world

INFLUENCER MARKETING

Influencer marketing, as increasingly practiced in a commercial context, comprises four main activities:

- Identifying influencers, and ranking them in order of importance
- Marketing to influencers, to increase awareness on crypto enabled gaming
- Marketing through influencers to increase market awareness
- Marketing with influencers, turning influencers into advocates of FINI

VISION

VISION

We at FINI strive to achieve our long-term vision by virtue of celestial community development initiatives and value enhancement of digital assets held by our members. Our vision reflects our commitment to reap sustainable prosperity for everyone. Ongoing Projects of FINI indicate our early harvest resources whereas upcoming projects envisage our resolve to disrupt the orthodox and unleash the potentials for highyield socio-economic prosperity

PROLIFIC USABILITY PROGRESSION

Business viability approach at FINI revolves round the strategic positioning of their digital asset, FINI . Public awareness is strategized to improve the general perception around the credibility, viability, profitability, and usability of digital assets. The valuation of digital assets is not governed by the singular manipulative feature but rather measured by a number of interdependent factors such as; market sentiment, demand and supply public acceptability, technological advantage, satisfactoriness, capability, competitive agility and commercial viability. FINI derives its value from high yield ethical investment made in high value commercially viable projects

The profitability of digital assets or the ability of FINI to yield large profits can be studied by analyzing bullish trends toward the rise in worldwide awareness of cryptocurrencies. Not only that, members harvest their profits in several ways such as e-gaming, and fantasy sports, and benefit from the worldwide shopping discounts and affordable services, fixed term-deposits, crypto trading, investment schemes, regular income schemes, pension programs, community development, and leadership development programs
